This book is meant for those with a vision. For those who dream about their home's potential. Now, with the **Hardie™ Architectural Collection**, the design possibilities are truly endless. This **integrated solution of panels and trims** enables unique combinations of contemporary textures and architectural lines to achieve any style. So, whether your style is modern, transitional, traditional, or somewhere in between, **with James Hardie, It's Possible™** to reimagine your home exterior.

STYLE

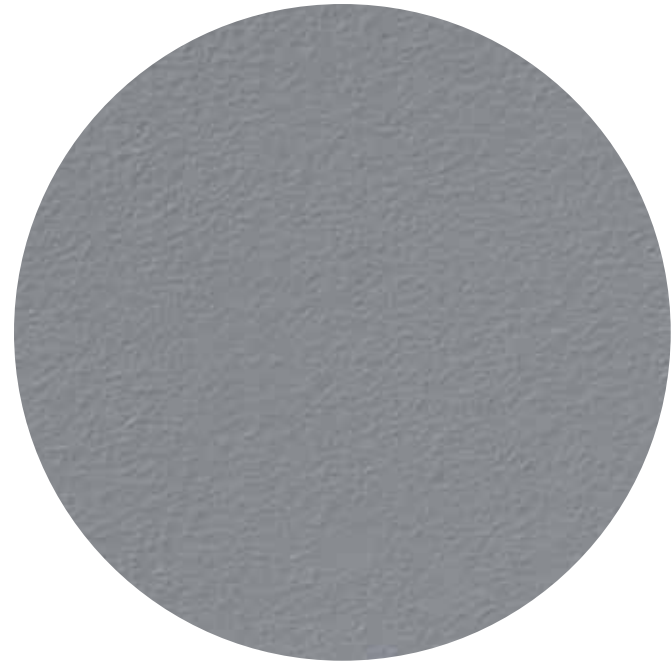

# Modern

A. Hardie® Architectural Panel – Fine Sand-Grooved | Top Right and Bottom Left (Vertical Application)  
B. Artisan® Shiplap Siding | Center (Horizontal Application)  
C. Hardie® Architectural Panel – Fine Sand | Center Right

**Minimalist style.**  
**Maximum modern potential.**  
Every level of this modern home was designed to impress. The stunning combination of glass and concrete with a variety of unique profiles by James Hardie gives your home an amazing sense of complexity and depth, allowing it to achieve a modern style that inspires at every angle.

**Is it possible for your midcentury modern home to be as bold as you are?**

Two words that perfectly describe this contemporary twist on a midcentury modern style home? Movement and energy. Here, there's no shortage of either. Innovative products and colors by James Hardie transform this historic style into something that feels new and interesting and that will turn heads for years to come.

A. Hardie® Architectural Panel – Fine Sand | Left Side  
 B. Hardie® Architectural Panel – Fine Sand-Grooved | Second Floor Left Accent (Horizontal Application)  
 C. Hardie® Architectural Panel – Fine Sand-Grooved | First and Second Floor Patio Accents (Horizontal Application)  
 D. Hardie® Architectural Panel – Mounded Sand | Front Door Accent  
 E. Hardie® Panel with Hardie® Trim Battens Countrylane Red | Second Floor Window Accents

A. Hardie® Architectural Panel – Fine Sand-Grooved | Left and Center Accents  
B. Hardie® Architectural Panel – Fine Sand | Center Right  
C. Hardie® Architectural Panel – Fine Sand | Main Cladding Left

**Three materials.  
One beautiful vision.**

This look was made possible by the Hardie™ Architectural Collection. The use of three unique cladding styles may seem unexpected, but this intentional choice is the key to developing a balanced, modern look. Projects and recesses get the spotlight they deserve, leaving onlookers in awe of what's possible.

### **Read between the lines.**

Lines are the focal point of this design, and Hardie® Architectural Panels in Fine Sand and Fine Sand-Grooved complement one another perfectly to create a beautiful, unique look with just the right accent.

A. Hardie® Architectural Panel – Fine Sand | Main Cladding  
B. Hardie® Architectural Panel – Fine Sand-Grooved | Bottom Right Accent (Horizontal Application)

**Monochromatic  
but never boring.**

Shifts in surface texture and orientation allow this home to achieve an unexpected variety balanced by the monochromatic color scheme.

A. Hardie® Architectural Panel – Fine Sand-Grooved | Left and Top Right (Vertical Application)  
 B. Hardie® Architectural Panel – Fine Sand-Grooved | Center (Horizontal Application)  
 C. Hardie® Architectural Panel – Fine Sand | Bottom Right Garage Accent  
 D. Hardie® Plank | Top Right Window Accent

## Smooth as sand.

Thanks to the Hardie<sup>™</sup> Architectural Collection, this home has an entirely new look and an even fresher feel. The modular aesthetic is perfectly complemented by Hardie<sup>®</sup> Architectural Panel – Fine Sand-Grooved, resulting in an unforgettable home that radiates with possibility.

A. Hardie<sup>®</sup> Architectural Panel – Fine Sand | Main Cladding  
B. Hardie<sup>®</sup> Architectural Panel – Fine Sand-Grooved | Garage Accent (Horizontal Application)

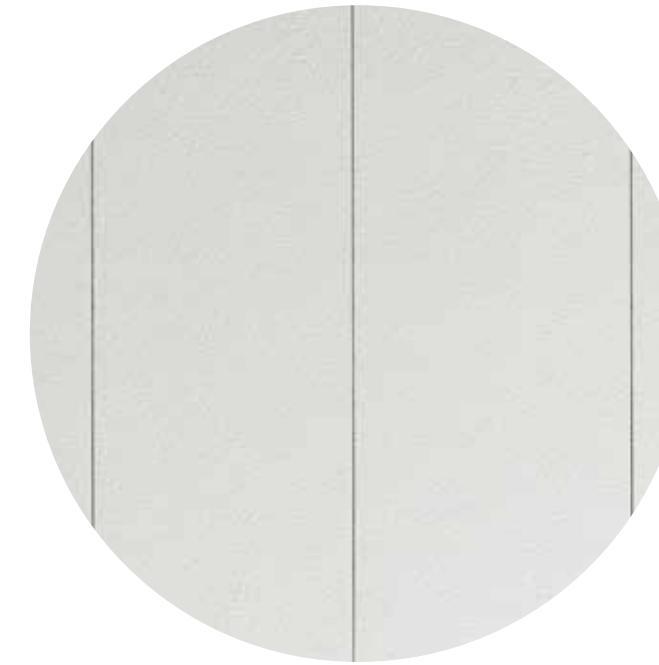

STYLE

# Transitional

**A fresh take on the farmhouse?  
It's Possible™.**

When you think of a traditional farmhouse, you can't help but imagine something elegantly simple. It's a style that's rooted in nostalgia, but that doesn't mean it has to feel dated. This fresh, upbeat version of the beloved farmhouse shows you that simple massing, a single body color and unique stylistic details can make a world of difference.

A. Hardie® Architectural Panel – Fine Sand-Grooved | Left and Right (Vertical Application)  
B. Hardie® Panel with Hardie® Trim Battens Arctic White | Center

## Down to earth.

The facade is made up of a simple but intentional arrangement of mixed profiles in subtle earth tones. The result? A natural yet memorable look. Hardie® Architectural Panels in Fine Sand and Fine Sand-Grooved paired with Hardie™ Architectural Trims give this home amazing depth and interests no matter where you look.

A. Hardie® Architectural Panel – Fine Sand-Grooved | Left, Right, and Center Window Accents (Horizontal Application)  
 B. Hardie® Architectural Panel – Fine Sand | Center Right  
 C. Hardie® Plank Khaki Brown | Left Accent Between Windows  
 D. Hardie® Trim Stonehaven Gray | Left Windows and Garage Accents

## Bring more artfulness to the Craftsman.

With arts and crafts roots, this home proves to be a classic example of American architecture with a modern twist. The unique color selections and use of innovative profiles like Hardie® Architectural Panel – Fine Sand, Hardie® Trim and Hardie® Architectural Panel – Fine Sand-Grooved give this home a transitional makeover. Already a popular style from coast to coast, this fresh new take is sure to keep people swooning.

A. Hardie® Architectural Panel – Fine Sand | Second Floor  
B. Hardie® Architectural Panel – Fine Sand-Grooved | First Floor (Horizontal Application)  
C. Hardie® Plank Arctic White | Front Accent and Second Floor Corner  
D. Hardie® Trim Arctic White | Window Accents

**Catch eyes. Capture hearts.**

A touch of verticality is achieved here thanks to the V-groove profile of Hardie® Architectural Panel – Fine Sand-Grooved and Hardie® Architectural Panel – Mounded Sand. You can't help but look toward the warm and welcoming front courtyard and fall in love with this captivating home from start to stucco-style finish.

A. Hardie® Architectural Panel – Fine Sand-Grooved | Right Corner Window, Garage Accent (Horizontal Application)  
B. Hardie® Architectural Panel – Mounded Sand | Center Accent Around Patio

**Three unique elements.  
One bold vision.**

The juxtaposition of materials and colors creates a playful facade. The result? Three unique elements that come together to achieve an impressively bold, singular design vision.

A. Hardie® Architectural Panel – Fine Sand | Center and Right  
B. Hardie® Trim Page White | Window Accents  
C. Hardie® Plank Arctic White | Left

**Incomparable contrast.**

Contrasting colors combined with Hardie® Architectural Panel – Fine Sand and other innovative profiles by James Hardie help this transitional European style home feel distinctly beautiful.

A. Hardie® Architectural Panel – Fine Sand | Left  
B. Hardie® Panel with Hardie® Trim Battens Arctic White | Right

**Inspired by the Southwest.  
Breathtaking in every direction.**

This Spanish transitional is exactly what happens when you marry a cultural style with modern accents. The innovative profiles are what really allow contemporary and historic elements to coexist beautifully. Find inspiration from the desert and the mountains no matter where you are.

A. Hardie® Architectural Panel – Fine Sand | Center  
B. Hardie® Architectural Panel – Fine Sand-Grooved | Right (Horizontal Application)

**Grounded in the past.  
Made for the future.**

The use of creative profiles, such as Hardie® Architectural Panel – Fine Sand, and colors, gives this home a genuine feel. It may be rooted in the past, but everything about this home is strikingly contemporary. It's a design born from tradition but built to last well into the future.

A. Hardie® Architectural Panel – Fine Sand | Main Cladding

## Meet the modern farmhouse of your dreams.

At first glance, this home feels very much like a traditional farmhouse. But take a closer look and you'll find all kinds of contemporary details. The thoughtful application of various profiles by James Hardie transforms a simple ranch home into an iconic symbol of transitional design.

A. Hardie® Architectural Panel – Fine Sand | Center  
B. Hardie® Architectural Panel – Fine Sand-Grooved | Left and Garage Accent (Vertical Application)  
C. Hardie® Plank Rich Espresso | Gable Accents

**Strike the perfect balance between traditional and contemporary.**

This design manages to effortlessly find balance, achieving a traditional yet contemporary aesthetic all at once. It may seem like a classic Craftsman, but the use of differentiated profiles like Hardie® Architectural Panel – Fine Sand-Grooved and mixed trim styles, along with unique color choices, results in a modern influence for this transitional home.

A. Hardie® Architectural Panel – Fine Sand-Grooved | Top Left and Garage (Horizontal Application)  
 B. Hardie® Plank Evening Blue | Center  
 C. Hardie® Trim Arctic White | Window Accents

**The art of modern elegance.  
Clean and simple.**

Light and modern with just an air of minimalism, Light and modern with just an air of minimalism, Hardie® Architectural Panels in Fine Sand and Fine Sand-Grooved textures create a striking mix for this home. Strong horizontal and vertical lines and breezy colors give this monolithic two-story understated character and depth. So, to this home's many admirers, its sleek, masterful design seems almost effortless.

A. Hardie® Architectural Panel – Fine Sand-Grooved | Front Door Accent and Garage (Horizontal Application)  
 B. Hardie® Architectural Panel – Fine Sand-Grooved | Left and Garage Accent (Vertical Application)  
 C. Hardie® Architectural Panel – Fine Sand | Center

STYLE

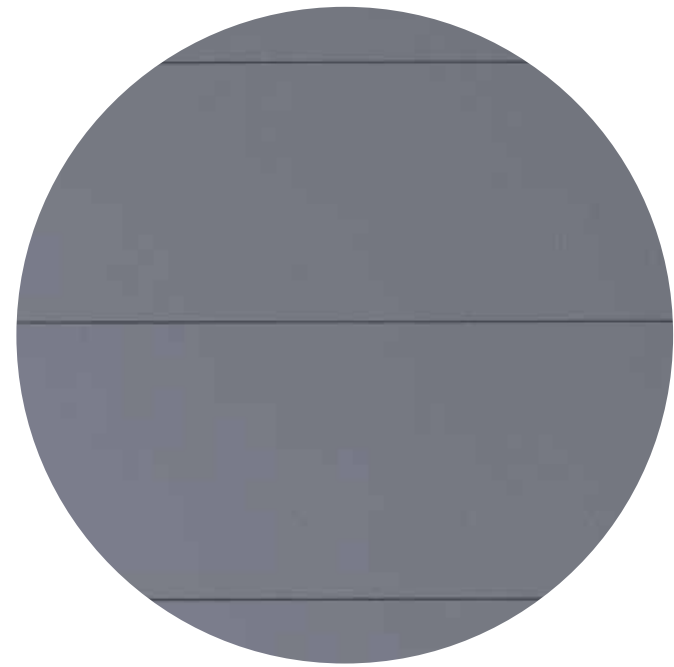

# Traditional

A. Hardie® Panel with Hardie® Trim Battens Arctic White | Second Floor Center  
B. Hardie® Plank Gray Slate | Gable Accents  
C. Hardie® Architectural Panel – Fine Sand-Grooved | Main Cladding (Horizontal Application)  
D. Hardie® Trim Arctic White | Window Accents

## **A look that draws you in from the outside.**

The main body of this breathtaking home is finished in Hardie® Architectural Panel – Fine Sand-Grooved. These panels elegantly wrap around the facade for a seamless look. The horizontal grooves add even more visual interest, catching the eye and creating a sense of unexpected width and subtle height.

**Endless possibility  
for a timeless design.**

Clean, balanced, and completely unassuming, this symmetrical home transforms itself into something irresistibly quaint and charming. The combination of color, form, and unique profiles by James Hardie results in a timeless take on coastal architecture.

A. Hardie® Architectural Panel – Fine Sand-Grooved | Gable Accents (Vertical Application)  
 B. Hardie® Architectural Panel – Mounded Sand | Main Cladding  
 C. Hardie® Trim Arctic White | Window Accents

**It's Possible™ for a historic home to embrace the future.** The cohesiveness of color across each element unites the elevation, tying the historic to the contemporary. With a bit of modern sentiment and the advantage of innovative exterior materials, this home maintains its sense of history while moving proudly toward the future.

A. Hardie® Architectural Panel – Fine Sand | First Floor  
 B. Hardie® Architectural Panel – Fine Sand-Grooved | Center (Vertical Application)  
 C. Hardie® Plank Great White | Second Floor

**A classic with an air of coastal.**

What do you get when you marry an iconic front porch, a classic Low Country home, and our Arctic White color? A warm and inviting home that welcomes visitors from the moment they pull into the driveway. It's a classic interpretation with a touch of modern sentiment that makes it truly memorable.
